STEPHEN NIMAKO JR

IT Support Engineer @ Amazon | Systems & Endpoint Leader
AWS Solutions Architect Pro | CCNA | Network+

(615) 299-7521 stephennimakojr@gmail.com linkedin.com/in/stephen-nimako-jr-b248ba258 Austin, TX

EXPERIENCE

IT Support Engineer, Amazon

02/2026 - Present Austin, TX

- Interim IT lead for the Austin site — sole escalation point for 2 IT Support IIs and 4 equipment coordinators; primary on-call across 700–900 endpoints on site, 3000+ across the node.
- Identity and access management: Active Directory and Entra ID accounts, permissions, MFA, and SSO — provisioned and deprovisioned with audit-ready accuracy.
- Cisco Catalyst 9200/9300 switching plus Cisco Meraki dashboard configuration: VLANs, trunks, PoE, port-level troubleshooting; DHCP reservations, domain controllers.
- Led 800+ IP camera and NVR deployment with full IP planning; WAN room work — carrier circuits, fiber plant, ISP coordination.
- Troubleshoot hardware, software, and network issues end to end: Dell PowerEdge and tower servers, AWS Outposts infrastructure, thin-client provisioning.
- ITIL-aligned service delivery: knowledge-base articles and SOPs; permanent fixes that eliminate recurring tickets. PowerShell automation; vendor and field-team coordination.

IT Support Specialist, National Seating & Mobility

06/2024 - 02/2026 Hybrid

- Tier 1–2 support for 300+ endpoints across Windows 10/11, Microsoft 365, Intune, and VPN.
- Administered Active Directory, Entra ID, and Exchange Online — accounts, mailboxes, MFA, SSO, licensing.
- Built PowerShell, Microsoft Graph, and Power Automate workflows for onboarding, offboarding, and reporting.
- Branch-to-branch escalation point for network and systems issues; HIPAA-regulated, audit-ready documentation.

IT Support Technician, ienjoy Home

09/2023 - 06/2024 Nashville, TN

- Distribution-floor IT: workstations, scanners, handheld devices, and inventory applications.
- PowerShell inventory checks, data formatting, and audit reports.
- Workstation prep, Active Directory and Group Policy lookups; documented procedures with operations.

Desktop Support Engineer, CompuGhana LTD

11/2022 - 09/2023 Accra, Ghana

- Desktop, laptop, mobile, and peripheral support; OS and application installs, patching.
- Active Directory accounts and permissions.
- Upgrades, migrations, deployments, after-hours incidents; investigated OS, authentication, and software faults.
- Vendor escalations; guided Tier 1 techs and wrote knowledge articles.

SUMMARY

IT Support Engineer at Amazon with 7+ years across desktop, endpoint, and network support. De facto IT lead for the Austin site — sole escalation point for the team and primary on-call. Known for permanent fixes: finds the recurring problems nobody killed, engineers them away, and writes the SOPs teams run on. Deep across Microsoft identity (AD/Entra ID), Cisco networking, and AWS. AWS Solutions Architect Professional, CCNA, and Network+ certified.

CERTIFICATIONS

AWS Solutions Architect – Professional
Amazon Web Services · 2024 – 2027

Cisco CCNA (200-301)
Cisco · 2026 – 2029

CompTIA Network+
CompTIA · 2024 – 2027

AWS Cloud Practitioner

Microsoft AZ-104 (in progress)
Microsoft · Azure Administrator

EXPERIENCE

IT Desktop Support, I9 Systems Inc

08/2019 - 10/2022 Accra, Ghana

- Second-level support by phone, email, and in person across hardware, applications, and network.
- Installed computers, printers, applications, and updates; migrations and hardware replacements.
- Tickets, asset records, and user guides kept current; IT security and data-protection compliance.

HANDS-ON LAB

- Proxmox virtualization, TrueNAS/ZFS storage, Docker, Frigate NVR, Tailscale mesh VPN.
- Linux daily driver across RHEL, Arch, Ubuntu, and Kali.
- Cisco, Fortinet, and TP-Link gear: segmented networks, PoE, subnet and bridge troubleshooting.
- AWS labs: VPC, EC2, IAM, CloudFormation, GuardDuty, KMS — threat-detection testing and documentation.

SKILLS

Endpoints & MDM
Windows 10/11, macOS, iOS/Android, Intune, SCCM, Autopilot, Apple Business Manager, printers & peripherals

Identity & Access
Active Directory, Entra ID, MFA, SSO, Group Policy, Exchange Online

Collaboration
Microsoft 365, Teams, SharePoint, OneDrive, Outlook, Slack, Power BI

Networking
Cisco Catalyst 9200/9300, Cisco Meraki, VLANs, trunks, PoE, DHCP, DNS, VPN, Wi-Fi

Infrastructure
AWS Outposts, Dell PowerEdge, thin clients, NVRs/IP cameras, Windows Server, Linux (RHEL, Arch, Ubuntu, Kali)

Monitoring
Datadog, device logs, root-cause analysis

Cloud
AWS (EC2, VPC, IAM, CloudFormation, GuardDuty, KMS), Azure

Automation
PowerShell, Microsoft Graph API, Power Automate, Bash

Service Delivery
ITIL, ServiceNow, on-call, SLAs, vendor escalation, HIPAA

EDUCATION

BS, Cloud and Network Engineering

Western Governors University · GPA 3.5

06/2026 - Present (expected 02/2027) Online
